## **Choice B:**

**Proposed place :** Varna

**Propose time: second week of September**

We propose to organize the workshop in the second week of September (9-15 September 2013).

Venue: the guest house of Bulgarian Academy of Sciences in Varna - the third largest city of Bulgaria and pleasant sea resort. The hotel is situated 12 km north-east of Varna, 500 m from the beach and offers very good conditions not only for scientific events (2 professionally equipped conference rooms) but also for summer recreation. The hotel provides accommodation at very reasonable prices for over 80 people in 42 rooms and 3 suites. Access to the hotel is facilitated by good bus connections with Varna airport and railway station. Varna airport has regular direct connections to Sofia and Vienna. It is also possible to reach Varna by bus and train.
